Philadelphia, Dec. 1.—Colonel A. L. Mills, superintendent of West Point Military Academy, to-day decided that Oscar L. Boses of Bristoi, Pa., a former West Point catet, was harshly treated by the students at the academy. Boses is said to be at the point of death, and his family assert that his condition is the result of hazing, the claim being made that the other cadets sourced tabaseo sauce down his throat. Colonel Mills said:

"The story that has been given out re-

"The story that has been given out regarding Oscar Boese is a mulicious libel and a most unjust attack upon the academy and its management and the manly body of cadets who are there.

"A little while ago t had occasion to look up his record in response to a letter I received from Doylestown, and found that he entered the academy on June 19, 198, and left again on October 21 of the same year. During that time he was on the sick list but once, and then he was excused from duty on account of an attack of stomach trouble. His excuse for leaving the academy was that his eyesight troubled him. Had he suffered with his throat while here or had he gone through any sort of hazing that would have made him sick, the doctors at the academy would have known it, because the cadets are under the closest scrutiny."

NORTON GOING TO HARPOOT.

Consul to Remain Until Controversy Is Settled.

Constantinople, Friday, Nov. 29.—The rumors that a rupture of diplomatic relations between the United States and Turkey is imminent are unfounded. The relations between the Porte and the United States Legation are excellent. In fact, the United States Charge d'Affaires, Lloyd C. Gris-com, has been received in audience six times this year. Mrs. D. E. Reed of Albany says: "I would not take \$50 and be placed back where I was before I used the Pyramid Pile Cure: I suffered for years and it is now eighteen months since I used it and not the slightest trace of the trouble has returned."

Mrs. Hinkley of Indianapolis was told by her physician that nothing but a surgical operation, costing between seven and eight hundred dollars, could cure her, as she had suffered fitteen years, yet even in such a case the Pyramid Pile Cure accomplished a complete cure; she says: "I knew an operation would be death to me and tried the Pyramid with very little hope, so it is not to be wondered at that I am so enthusiastic in its praise."

James McGinnis Was Caught Be tween Moving Car and Door Sill

James McGinnis, who ran an elevator in the Burlington building at No. 810 Olive street, was instantly killed yesterday while running the car from the basement to the first floor. He was leaning out of the elevator door as the cage was ascending, and his head struck the still of the shaft door at the first floor, causing a fracture of the skult.

No one was in the elevator at the time and there were no direct witnesses to the tragedy. The first intimation that something was wrong was received by Alonzo Blake, the fanitor, of No. 2117 Walnut street, and by Mrs. M. E. Clopton, who conducts a cigar stand in the vestibule of the building. Both noticed that the cage had come to a sudden stop, due to the lever being moved as McGinnis fall forward. Blake climbed into the cage and ran it down to the basement. He found that the boy was unconscious and there was a stream of blood dripping from a wound in the back of his head. The body was hurried to the City Dispensary in an

investigate Hypnotism. The committee carried on a series of investigations in regard to the po

notism to influence the actions and deeds of people in the everyday walks of life.

The first step taken by the members of the committee was to master the science every detail, so that they might state from personal experience the good or evil this strange power might produce. They wrote the New York Institute of Science of Rockester, N, Y., the greatest school of Hypnotism and Occult Sciences in the world, and received full and complete instruction in regard to how hypnotism may be used to induence people in husiness, how to use it in treating diseases, etc. In a few days they stered these instructions and were full-fledged hypnotists.

It was clearly demonstrated that hypnotism may be employed so that the per operated upon is entirely unconscious of the fact that he is being influenced; and, all things considered, the committee regard it as the most valuable discovery of modern times. A knowledge of it is essential to one's success in life and well-being in society. Dr. Lincoln says, after a thorough investigation, that he considers it the velous therapeutic or curative agent of modern times.

Judge Schafer, although a legal light, turned his attention to healing the sick, and in a few treatments he completely cured John E. Myers of Flemington, N. J., of a strange malady that had kept him bedfast for nine years, and which the doctors said must surely kill him. Judge Schafer's fame spread for miles around, and hundred people applied to him for treatment.

Mr. Stoufer performed the astonishing feat of hypnotising Mr. Cunningham of, Pueblo, Col., at a distance of several blocks. He also hypnotized an aged gentleman and had him run through the streets shouting: "Red-hot peanuts for sale." Mr. Stouser says it is indispensable to one's business success.

Rev. Paul Weller says that every minister and every mother should understand hypnotism for the benefit they can be to those with whom they are brought into daily

In speaking of this marvelous power, President Eillot of Harvard College said to the graduates: "Young gentlemen, there is a subtle power lying latent in each of you which few of you have developed, but which, when developed, might make a man fresistible.
